WHEREAS, the undersigned hereby agrees to become a Member of SIG and be subject to the rights and obligations of members set forth in the SIG's Limited Liability Company Agreement (the "**LLC Agreement**") and in this Agreement. If there is any inconsistency between this Agreement and the LLC Agreement, the LLC Agreement shall govern and control in every respect. Capitalized terms used herein but not defined herein shall have the meanings ascribed to them in the LLC Agreement.

NOW, THEREFORE, THE SIG AND THE MEMBER AGREE AS FOLLOWS:

1. Membership. The rights and obligations of the Members are set forth in the SIG's LLC Agreement (as amended from time to time in accordance with the terms thereof) to which the Member hereby agrees to be bound. The Member acknowledges having received and reviewed a copy of the SIG's LLC Agreement as in effect on the date hereof.
2. Term and Termination.
 - 2.1 Term. This Agreement becomes effective and shall be dated on the date upon which it is last signed by the Parties (the "**Effective Date**") and shall be effective for one year (the "**Initial Term**") and then automatically renew for successive one-year terms ("**Renewal Terms**") unless terminated by the Member or the SIG thirty (30) days prior to the end of the Initial Term or any Renewal Term or as provided in the SIG's LLC Agreement.
 - 2.2 Termination. The membership of any Member shall terminate in accordance with any termination event set forth in the SIG's LLC Agreement, upon the Membership conditions no longer being met pursuant to the SIG's LLC Agreement, or upon the Member resigning such Member's membership. Upon termination of Member's membership, this Membership Agreement shall terminate.
 - 2.3 Survival. In the event of termination, Sections 3 and 4 shall survive and

remain in effect. The Member shall be obligated to pay, on a prorated basis, all costs, expenses and dues that accrued prior to the effective date of termination.

The IP Policy is incorporated herein by this reference thereto. A copy of the current IP Policy is attached hereto as **Exhibit B**.

The Member agrees to abide by the other SIG policies as may be adopted or amended from time to time by the SIG in accordance with the SIG's LLC Agreement, provided, however, that such amendments shall not go into effect with less than 60 days' notice to Members. If the Member does not wish to abide by any policy adopted or amended by the SIG, the Member may resign such Member's membership prior to the effective date of the policy or amendment of policy.
- 3.3 Fees, Dues. The Member agrees to pay the annual fees set forth on Exhibit A, as the SIG may amend from time to time. For any Member with a prior relationship with the SIG, acceptance of any Membership Agreement will be conditioned upon payment in full of any pre-existing obligations due to the SIG by the applicant on or before the date of the agreement.
- 3.4 Costs and Expenses. Other than as may be set forth in one or more expense reimbursement policies adopted by the SIG from time to time, each Member shall bear all of its own costs and expenses related to membership in the SIG including, but not limited to, compensation payable to Member's employees and consultants and all travel and other expenses associated with Member's participation in the SIG's activities.

The Financial Data Exchange, LLC, (“**FDX**”), is a Delaware limited liability company dedicated to identify, define and/or adopt a common, interoperable standard for secure consumer and business access to their financial records (“**Purpose**”). This FDX Intellectual Property Rights Agreement (“**Agreement**”) shall be binding on each Member of FDX. Compliance with, and agreement to, this Agreement is a prerequisite to each Member joining FDX and/or participation in any Working Group. A “**Party**” or “**Parties**” to this Agreement shall mean any or all of FDX Members that is a party to this Agreement at a given time.

1. Definitions.

“**Adopter**” shall mean any Person that implements a Final Specification.

“**Affiliate**” means, with respect to any Person, any other Person directly or indirectly Controlling, Controlled by, or under Common Control with, such other Person.

“**Control**” with respect to any Person means the power to direct the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise, and the terms “Controlling” and “Controlled” have correlative meanings.

“**FDX LLC Agreement**” has the meaning set forth in the FDX Membership Agreement.

“**FDX Membership Agreement**” means the Financial Data Exchange, LLC Membership Agreement to which this Agreement is attached as an Exhibit (and by signing the FDX Membership Agreement the Members agree to be bound by the terms of this Agreement as amended from time to time).

“**Final Specification**” means any Draft Specification adopted by FDX.

“**Compliance Requirement Documents**” means the document that specifies the requirements that must be met and the process that must be executed by Products for purposes of demonstrating that such Products comply with a Final Specification. FDX may change or add to this document.

“**Compliant Product Portion**” means only those specific portions of Products that: (i) implement and are compliant with the actual Final Specification, whichever the case may be, (ii) are qualified pursuant to the Product Qualification Process, (iii) are within the bounds of the Scope and (iv) meet the requirements set forth in the Compliance Requirement Documents.

“**Contribution**” means any written or electronic document submitted to a Working Group for inclusion into a Draft Specification or Final Specification by a Member, unless explicitly stated in the submission as “NOT A CONTRIBUTION”. “Contribution” shall also mean any oral submission to a Working Group for inclusion into a Draft Specification or Final Specification by a FDX Member unless the Member notifies FDX and the Working Group in writing within five (5) days of the oral submission, that such submission is not a contribution.

“**Draft Specification**” means all versions of the document developed by a specific Working Group based on and within the scope of the given Working Group Directive and all formal comments thereto provided by any FDX Member within said Working Group that are to be considered for inclusion in the Final Specification to be adopted by FDX to achieve the Purpose of this Agreement.

“Errata and Forms Corrections” or “E&F Corrections” means corrections made to Final Specifications for (I) the purpose of (a) fixing errors in existing and published features (but not for additional features), (b) clarifying the specifications or for providing context/rationale or (c) removing features required because of an uncertainty or error in existing feature operation; (II) correcting references to form documents (such as tax or other governmental forms) published in the public domain that are changed, added or otherwise modified by such governmental agencies such that references (or the lack thereof) in the current Final Specifications are no longer accurate; and/or (III) updating references to documents or standards referred to (or incorporated by reference) in the current Final Specification (e.g., Control Considerations for Consumer Financial Account Aggregation Services, User Experience Guidelines and other referenced documents, collectively **“Referenced Materials”**) that have been updated/revised since ratification of the then current Final Specification to the updated/revised version of the Referenced Materials so long as such updated/revised version of the applicable Referenced Materials are approved by at least two-thirds of the FDX Board of Directors.

“Member” means a Member of FDX as defined in Section 1.01 of FDX’s LLC Agreement.

“Necessary Claims” means claims of a patent or patent application that (a) are owned or controlled by a Member or its Affiliates (Licensor) now or at any future time while this Agreement remains in effect; and (b) are necessarily infringed by implementing those portions of a Final Specification within the bounds of the Scope, wherein a claim is necessarily infringed only when it is not possible to avoid infringing it because there is no technically reasonable non-infringing alternative for implementing such portions of the Final Specification within the bounds of the Scope. Notwithstanding the foregoing sentence, Necessary Claims do not include any claims (i) other than those set forth above even if contained in the same patent as Necessary Claims; (ii) that read solely on any implementations of any portion of the Final Specification that are not within the bounds of the Scope; or (iii) that, if licensed, would require a payment of royalties by the Licensor to unaffiliated third parties.

“Person” means a Person as defined in Section 1.01 of FDX’s LLC Agreement.

“Products” means software or hardware products, or combinations thereof.

“Product Qualification Process” means the process created by FDX for qualifying Products.

“Scope” means the protocols and data formats needed for the implementation of the Final Specification. For clarification, the Scope shall not include (i) any enabling technologies that may be necessary to make or use any Product or portion thereof that complies with the Final Specification, but are not themselves expressly set forth in the Final Specification; or (ii) the implementation of other published specifications developed elsewhere but explicitly referred to in the body of the Final Specification; or (iii) any portions of any Product and any combinations thereof the purpose or function of which is not required for compliance with the Final Specification.

“Working Group” means the body of individuals given the task of creating a Final Specification that meets the criteria of the Working Group Directive assigned that particular Working Group by FDX. Working Groups are formed by FDX based on Working Group Directives. Working Groups are formed in accordance with FDX’s LLC Agreement.

“Working Group Directive” means a range of intended uses for Compliant Product Portions, where a Final Specification is to be prepared so as to specify implementations in accordance with those intended uses. A Working Group Directive may be part of a Working Group’s charter or directives specifically given to such Working Group by FDX.

2. Non-Confidentiality of Submissions. Each Member of FDX agrees that any Contributions shall be deemed to be made on a non-confidential basis and that the Members shall be free to disclose these submissions for purposes of developing and adopting any Final Specification(s) and in connection with such activities.

3. Copyright License.

(a) Subject to Sections 2 and 5 hereof, each Member hereby grants to each of the other Members of FDX who participate in a Working Group of FDX and to FDX, a worldwide, royalty-free, license under its copyrights in its Contributions to reproduce, distribute, display, perform and create derivative works for the purposes of developing any Draft Specifications, Final Specifications or derivative works thereof in furtherance of the Purpose of this Agreement.

(b) All Contributions submitted by a contributing Member shall be licensed by the contributing Member to FDX and all Adopters under the grant specified in Section 4(b) hereof for all Final Specifications in which the Contributions become included, even if such Member has withdrawn or been terminated as a Member of FDX.

4. License Grant.

(a) Effective upon the adoption by FDX of each Final Specification, and subject to Section 5, each Member and its Affiliates hereby grants to each Adopter a non-exclusive, royalty-free, perpetual, irrevocable, nontransferable, nonsublicenseable, worldwide license under the Member's Necessary Claims with respect to the Final Specification solely to make, have made, use, import, offer to sell, sell and otherwise distribute and dispose of Compliant Product Portions; provided that such license need not extend to any part or function of a product in which a Compliant Product Portion is incorporated that is not itself part of the Compliant Product Portion.

(b) In addition, effective as of adoption of each Final Specification, each Member hereby grants to FDX and each Adopter a worldwide, royalty-free license under its copyrights in such Final Specification to reproduce, distribute, display and create derivative works of such Final Specification solely as necessary to make, have made, use, import, offer to sell, sell and otherwise distribute and dispose of Compliant Product Portions.

(c) In the event that a Member ("Member A"), other than a Member who has Necessary Claims that they are providing a license for under Section 4(a), or an Adopter, files suit against a Member ("Member B") for patent infringement arising from Member B's use or sale of products and systems that are compatible with the Final Specification(s) then Member B shall have the unilateral right to change the license grant set forth in Section 4(a) above under Necessary Claims, if any, from a royalty-free license to a reasonable royalty bearing license with respect to Member A or the Adopter and be able to collect such royalty retroactively commencing on the date that Member A or the Adopter filing such suit is alleging Member B commenced the infringement which is the basis of the suit.

(d) For the purposes of this Section 4, a product or system is "compatible" with the Final Specification(s) if it actually implements or incorporates a Compliant Product Portion.

(e) In addition to being bound by the terms of this Agreement, effective upon the execution of the FDX Membership Agreement, each Member hereby grants the licenses set forth in Section 4(a) – (b) (License Grant) with respect to the Final Specifications then in effect. Each Member represents that it was provided the opportunity to review such Final

Specifications then in effect and grants the licenses stated in the prior sentence (Section 4(a) – (b) (License Grant)) whether or not such Member actually reviewed the Final Specifications then in effect. Said license grant is effective as of the date such Member executed the FDX Membership Agreement.

5. Draft Specification Review.

(a) No less than sixty (60) days prior to a vote of the FDX Board of Directors (the “**Notice and Review Period**”) to approve a Draft Specification as a Final Specification (“**Draft Final Specification**”), FDX shall provide each Member with a copy of the Draft Final Specification for review. Within sixty (60) days of its receipt of the Draft Final Specification, a Member may, in the Member’s sole discretion, provide to FDX a notice of objection to the Draft Final Specification under review on the ground that the Member will not license its Necessary Claims under Section 4(a) (“**Notice of Objection**”). The Notice of Objection shall include a list of any Necessary Claims that the Member believes in good faith it may own or control, and that it is unwilling to license under Section 4(a). The Notice of Objection shall also identify, in the Member’s good faith belief, the portion of the Draft Final Specification that, if implemented, may infringe such Necessary Claims. If a Member resigns from FDX within the sixty (60) day period after receipt of a Draft Final Specification, and does not provide a Notice of Objection under this Section 5(a), the Member’s licensing obligations under Section 4(a) of this Agreement shall survive with respect to any Final Specification that is approved based on the Draft Final Specification at issue.

(b) If one or more Members submit a Notice of Objection pursuant to Section 5(a), FDX shall either (i) cause further deliberations to occur regarding the content of the Draft Final Specification in light of any Notices of Objection, or (ii) obtain Board approval of the Draft Final Specification without regard to a Notice of Objection.

(c) Draft Final Specifications will be deemed approved as Final Specifications when approved by two-thirds of the Board of Directors following the Notice and Review Period.

(d) In the event a Draft Final Specification is approved as a Final Specification without modification of a provision to which a Notice of Objection was directed, the Member providing the Notice of Objection shall, within twenty one (21) days of receipt of the approved Final Specification either (i) take no action, which will constitute a withdrawal of its Notice of Objection, and bind the Member to the licensing obligations of Section 4(a) hereof, or (ii) resign as a Member of FDX consistent with Section 2.2 of the FDX Membership Agreement. Upon a Member’s resignation in accordance with this Section 5(c), any license provided by the Member pursuant to Section 3(b), and Sections 7(b)(ii), 7(b)(iii), 7(b)(iv) or 7(b)(v) hereof, shall survive, as shall any licenses granted under Section 4(a) with respect to previously approved Final Specifications and any Necessary Claims not identified in the Member’s Notice of Objection relating to the Final Specification to which the Notice of Objection was directed, but no license shall be granted by the Member to its Necessary Claims identified in its Notice of Objection with respect to the Final Specification to which the Notice of Objection was directed. A Member’s resignation in accordance with this Section 5(c) shall be deemed effective immediately prior to adoption of the Final Specification. In all other respects, the terms of the Member’s FDX Membership Agreement and FDX’s LLC Agreement shall apply.

(e) If any Draft Final Specification is further amended or modified, whether as a result of any Notice of Objection or other reason, when such revised Draft Final Specification

is again distributed to Members for review as contemplated in Section 5(a), the procedures, rights and obligations set forth in Sections 5(a), 5(b), and 5(c) shall apply.

(f) E&F Corrections. FDX will notify all Members of E&F Corrections at least 14 calendar days before the date upon which the Board of Directors is scheduled to vote to approve incorporating E&F Corrections into a Final Specification; provided, however, the Board of Directors may shorten such 14 calendar day period for urgent matters when approved by four-fifths of the Board of Directors. E&F Corrections will be deemed made to the Final Specification when approved by two-thirds of the Board of Directors. FDX may provide a Log of E&F Corrections (or Errata and Forms Corrections Log) available for all Members to review. The posting of an E&F Correction to the Errata and Forms Corrections Log shall be deemed the first day of effective notice provided to all Members of such E&F Correction. The Board of Directors may delegate its authority to one or more task forces, working groups, committees or other bodies to establish procedures and processes for the determination, collection, circulation and approval of E&F Corrections to be presented to the FDX Board of Directors for final approval.

(g) Deprecation and Withdrawal of Final Specifications. A Final Specification may be deprecated or withdrawn after it has been adopted when the deprecation or withdrawal is approved by at least two-thirds of the FDX Board of Directors.

6. Confidentiality of Draft Specification. Until FDX adopts each Final Specification(s) and makes it generally publicly available, each Member will maintain all versions and revisions of the Draft Specifications and any other information designated as confidential (“Confidential Material”) in confidence with at least the same degree of care that it uses to protect its own confidential and proprietary information, but no less than a reasonable degree of care under the circumstances and will not use, disclose or copy the Confidential Material except as necessary for its employees or contractors with a need to know to evaluate and comment thereon. Each Member shall mark any copies it makes “confidential,” “proprietary” or with a similar legend and shall reproduce all copyright notices and disclaimers therein. Unless the parties agree otherwise, this obligation of confidentiality will expire two (2) years from the date of disclosure to such Member. Notwithstanding the foregoing, Confidential Material shall not include any information that is (a) in the public domain other than by a breach of a duty to the disclosing party; (b) received from a third party without any obligation of confidentiality; (c) rightfully known to the receiving party without any limitation on use or disclosure prior to its receipt from the disclosing party; (d) independently developed by employees of the receiving party; or (e) generally made available to third parties by the disclosing party without restrictions on disclosure.

7. Withdrawal and Termination.

(a) Conditions and Procedure for Withdrawal. Upon withdrawal or termination of a Member from FDX, this Section 7 shall apply to all licenses granted to or by such Member pursuant to this Agreement. The timing of such withdrawal or termination will determine the effect on such Member’s licensing obligations as specified in Section 7(b) below. Except as provided in Section 5(c), the effective date of withdrawal or termination shall be determined in accordance with the FDX Membership Agreement.

(b) Effect of Withdrawal. Subject to Section 5 of this Agreement, if Member withdraws from or is terminated from Membership in FDX:

(i) This Agreement shall continue in full force and effect for all remaining Members;

(ii) With respect to such Member, Sections 2, 6, 7 and 8 of this Agreement shall continue in full force and effect; and

(iii) With respect to Contributions from the withdrawing Member which are included in any Final Specification which is adopted after the effective date of withdrawal or termination, such Member shall be entitled to receive a license from all Members regarding all such Final Specifications under the terms of Section 3 and 4, but only if and when such Member agrees to and grants a license under the terms of Section 3 and 4 to all Adopters with respect to all such Final Specifications.

(iv) Section 4 of this Agreement shall continue in full force and effect with respect to all Final Specifications adopted prior to the effective date of withdrawal or termination (the "Committed Specifications").

(v) This Section 7 is not intended to authorize, permit or allow the survival (or co-incident licensing) of any unmodified portion of a Committed Specification to be contained in any Final Specification approved after a Member's termination unless (i) the unmodified portion of the Committed Specification is contained in a subsequent Final Specification that only extends or corrects the Committed Specification, or (ii) only if the withdrawing or terminated Member is granted and accepts a reciprocal license commensurate with and of the same scope as set forth in Section 4 with respect to such subsequent Final Specification incorporating the unmodified portion of the Committed Specification.

(vi) All other rights, licenses, obligations, terms and conditions of this Agreement shall terminate with respect to such withdrawing or terminated Member, including those set forth in Section 4, except as set out in Section 3(b), 7(b)(ii), (iii), (iv) and (v).

8. General.

(a) No Other Licenses. Except for the rights expressly provided by this Agreement, no Member grants or receives, by implication, or estoppel, or otherwise, any rights under any patents or other intellectual property rights from any other Member.

(b) No Warranty. All parties acknowledge that all information provided under this Agreement, including as part of the Final Specification(s) development process and the Draft Specification(s) and/or Final Specification(s) itself, are all provided **"AS IS" WITH NO WARRANTIES WHATSOEVER, WHETHER EXPRESS, IMPLIED, STATUTORY, OR OTHERWISE, AND THE PARTIES EXPRESSLY DISCLAIM ANY WARRANTY OF MERCHANTABILITY, NONINFRINGEMENT, FITNESS FOR ANY PARTICULAR PURPOSE, OR ANY WARRANTY OTHERWISE ARISING OUT OF ANY PROPOSAL (WHETHER PROVIDED IN WRITING OR ORALLY), SPECIFICATION, OR SAMPLE.**

(c) Limitation of Liability. **IN NO EVENT WILL ANY PARTY HERETO OR ANY OTHER MEMBER OF FDX BE LIABLE TO ANY OTHER PARTY OR MEMBER OF FDX FOR THE COST OF PROCURING SUBSTITUTE GOODS OR SERVICES, LOST PROFITS, LOSS OF USE, LOSS OF DATA OR ANY INCIDENTAL, CONSEQUENTIAL, INDIRECT, OR SPECIAL DAMAGES OF ANY PARTY INCLUDING THIRD PARTIES, WHETHER UNDER CONTRACT, TORT, WARRANTY OR OTHERWISE, ARISING IN ANY WAY OUT OF THIS AGREEMENT, WHETHER OR NOT SUCH PARTY HAD ADVANCE NOTICE OF THE POSSIBILITY OF SUCH DAMAGES. THE PROVISIONS IN THIS SECTION 8(c)**

SHALL ONLY APPLY TO CLAIMS ARISING OUT OF THE CONTRACTUAL PROVISIONS OF THIS AGREEMENT AND NOT TO ANY OTHER MATTERS, AGREEMENTS, CLAIMS (INCLUDING CLAIMS OF INFRINGEMENT), SUITS OR OTHER PROCEEDINGS BETWEEN OR AMONG THE MEMBERS OR ANY OTHER PARTY.

(d) Governing Law. This Agreement shall be construed and controlled by the laws of the State of Delaware without reference to conflict of laws principles.

(e) Notices. All notices hereunder shall be electronic or written and sent to the parties at such addresses as the Parties may specify by such notice to FDX. For purposes of this section, notice can include notice by written mail, electronic mail or by facsimile. Such notices shall be deemed served when received and acknowledged by addressee or, if delivery is not accomplished by reason of some fault of the addressee, when tendered for delivery. Any party may give notice of a change of address and, after notice of such change has been received, any notice or request shall thereafter be given to such party at such changed address.

(f) Good Faith Dealing. Each party hereby represents and warrants that it has the power to cause all patents owned or controlled by such party and its Affiliates to be licensed as set forth in this Agreement.

(g) Not Partners. The parties hereto are independent companies and are not partners or joint venturers with each other.

(h) Complete Agreement; No Waiver. The provisions of this Agreement, including all documents incorporated herein by reference, the FDX Membership Agreement, and the FDX's LLC Agreement constitute the entire agreement between the Parties and supersede all prior agreements and understandings relating to the subject matter hereof. No modifications or additions to or deletions from this Agreement shall be binding unless in accordance with the provisions of the FDX Membership Agreement and the FDX's LLC Agreement, and the waiver of any breach or default will not constitute a waiver of any other right hereunder or any subsequent breach or default.

(i) No Rule of Strict Construction. If any provision of this Agreement is determined by a court to be unenforceable, the parties shall deem the provision to be modified to the extent necessary to allow it to be enforced to the extent permitted by law, or if it cannot be modified, the provision will be severed and deleted from this Agreement, and the remainder of the Agreement will continue in effect.

(j) Compliance with Laws. Anything contained in this Agreement to the contrary notwithstanding, the obligations of the parties hereto shall be subject to all laws, present and future, of any government having jurisdiction over the parties hereto, and to orders, regulations, directions or requests of any such government.

(k) Effect of Divestiture, Merger or Acquisition. In the event that an Affiliate ceases to be an Affiliate, such as by divestiture, then, if such former Affiliate becomes a Member of FDX, including agreement to the terms of this Agreement, within 90 days from the date the Affiliate status ceases, then all licenses shall continue uninterrupted. Member Use Guidelines

(Adopted by the Board of Directors on September 5, 2018)

Member grants to SIG a non-exclusive, royalty-free, non-transferable, limited right to use its corporate trade name(s) and/or logos ("**Marks**") solely in connection with announcing and recognizing the Member's membership, provided that such use is in compliance with any guidelines that Member may provide from time to time with respect to the Marks. SIG acknowledges and agrees that Member is the sole owner of its Marks. SIG agrees not to take any action that is inconsistent with Member's ownership of its Marks, and agrees that any benefits accruing from the use of such Marks shall automatically vest in the Member. Nothing in this Agreement, or otherwise, shall give SIG any right, title, license, ownership or interest in any trademark, trade name, copyright, patent, or other intellectual property of the Member.

In using the Member's Marks, SIG shall ensure that:

- a) It will always produce the Marks as whole pieces of art;
- b) It will never manipulate the Marks by separation from the shield graphic, style, proportion, spacing or any other manipulation or change; and
- c) The registered mark "®" will always accompany each representation of the logo in its proper position following the last letter thereof.

Upon the Member's request, SIG shall provide all materials, marketing or otherwise, that contain Member's name and/or logo for Member to review and approve. The license granted herein terminates when the need for its use has been terminated. Member may immediately terminate SIG's license to use the Marks if Member reasonably believes that SIG's use dilutes or tarnishes the values of its Marks.

Exhibit D

Antitrust/Competitive Provisions (Adopted by the Board of Directors on September 5, 2018)

- (a) The SIG is committed to conducting its affairs in compliance with federal, state, and, as applicable, international antitrust and competition laws (collectively, the “**Antitrust Laws**”). The SIG Members may compete with one another in various lines of business and it is therefore imperative that they approach and engage in all SIG activities, including all meetings, discussions, communications, and other interactions, with compliance with the Antitrust Laws in mind. Accordingly, all SIG Members, as a condition of membership, must acknowledge and adhere to the guidelines in (b) below.
- (b) Antitrust guidelines:
1. SIG Members are prohibited from discussing or engaging in any written or oral exchange of information relating to any company-specific, competitively sensitive information, including terms, sales, conditions, pricing, or future plans, related to their firms or other firms, including vendors or service providers they engage;
 2. SIG meetings and any SIG portal or forum are not to serve as an opportunity or conduit for discussions or negotiations between or among vendors, manufacturers, service providers, or other entities with respect to their own competitive activities or to the activities of any other participant or group of participants;
 3. Neither SIG staff, officers, or directors nor its Members, working groups, or working group chairs are to recommend in any SIG-sponsored exchange or forum in favor of a coordinated boycott of or against the adoption of any product or service of particular manufacturers or vendors;
 4. Each SIG Member will determine unilaterally the effect of any exchanged information on its individual purchasing and related decisions;
 5. The SIG and its working groups must base decisions to develop or adopt guidelines, specifications, standards, test procedures, or certification programs upon appropriate technical, business, and consumer considerations, and not upon any effort or purpose to reduce or eliminate competition from any business entity or to impede the development or adoption of new or innovative products or services;
 6. Any breach of these guidelines will be reviewed by the Board of Directors of the SIG and may result in termination of the organization’s SIG membership and forfeiture of remaining annual membership fees; and
 7. Working group chairs, directors, or staff will designate a responsible party to keep and disseminate minutes of all formal SIG meetings.
